

DASHBOARD

The dashboard is the root of all activity on Clapp.

General Statistics

It displays general statistics and is an overview of your account. It shows:

- existing classes and lessons.
- new updates across all your classes.
- quick view of upcoming assignments.

Quick Start

Create a new lesson to use the interactive Whiteboard.

Test the Learning Management System (LMS) by creating a new class or joining an existing one.

Class Management

Accept a request to join a class, or enter a Class Verification Code to enter one.

License selection

You may have multiple Clapp licenses on your device. To toggle between them, select the required license in the drop-down menu in the top right corner of your screen.
